Reurlet 1-30-63 regarding the unauthorized publication and sale of my address at Las Vegas, Nevada, October 9, 1962, by the above-captioned organization.

Bufiles contain no record that the Citizens Information Center, Boulder, Colorado, or any of the individuals associated with it, as identified in the reference communication, have received permission to reprint my Las Vegas address of October 9, 1962. Consequently, as indicated in your communication, representatives of your office should immediately contact appropriate officials of the Citizens Information Center and request they desist from selling copies of my address as indicated on the last page of their reprint. They should also be informed that the FBI would appreciate knowing, as a common courtesy, that they are reprinting copies of my addresses. In the past, the FBI has given permission to nonprofit citizen groups to reprint copies of my remarks in connection with their endeavors of public service. However, the FBI has always refrained from extending such cooperation to organizations of a commercial nature.

The results of your inquiry should reach the Bureau prior to 2-15-63.

- 1 - Mr. Sullivan

NOTE: Bufiles contain no record of the Citizens Information Center, Boulder, Colorado. There is no additional information regarding the individuals mentioned in the Denver letter of 1-30-63 to that data already set out by the Denver Office.

In accordance with Bureau instructions set forth in reBuairtel, SA's [redacted] and KENNETH BRIDENSTINE contacted SHERIDAN McMORRIS, 2980 Washington St., Boulder, Colo. He stated that [redacted] and [redacted] the other organizers of the Citizens Information Center, were not in Boulder on that date.

Copy of the Director's speech before the American Legion 10/9/62, as printed by the Citizens Information Center, was displayed to Mr. McMORRIS. He was advised that the Citizens Information Center should desist from selling copies of this address as indicated on the last page of this reprint. Mr. McMORRIS stated that the Citizens Information Center was organized by himself and the three men mentioned above for the purpose of acquainting the citizens of Boulder and Colorado with the dangers of Communism. He stated they have the greatest respect for Mr. HOOVER and after they had read his speech given before the American Legion on 10/9/62, it was their belief that the speech should be read by as many Americans as possible. McMORRIS stated that they decided, rather than asking the FBI to provide them with copies of the speech, to reprint the speech and distribute it to as many people as possible. He stated they set forth the price of the speech for the purpose of recovering only that amount which would cover the expenses of printing and distributing the speech. McMORRIS stated that the thought did not occur to them that they should first secure permission from the Director prior to distributing and printing his speech. He stated it was not their intention to sell this particular pamphlet; however, he now realizes that one would get the impression that the speech was being sold. He stated that he, and he is sure his associates, would not do anything which would cause Mr. HOOVER to look with disfavor upon their efforts to enlighten the American people about Communism.

McMORRIS stated that they would immediately desist from selling copies of this address. He stated they have approximately 500 or 600 copies of this leaflet available and that they would neither sell nor distribute the leaflet even free of charge without first contacting the Director and securing his permission for the free distribution of the speech. He stated further that the Citizens Information Center would not distribute any additional speeches of the Director without first securing permission for same.

Mr. McMORRIS was asked if the Citizens Information Center was controlled by the John Birch Society and he replied in the negative. He was not asked whether or not he and his associates were members of the John Birch Society.

DN 62-1623

It is possible that Mr. McMORRIS will correspond with the Director directly to determine whether or not the Director would give the Citizens Information Center permission to distribute this leaflet free of charge. It is suggested the Bureau may desire to allow the Citizens Information Center to distribute this leaflet free of charge if they indicate on the last page of the leaflet that the leaflet is being distributed free of charge and is not for sale.

Above captioned novel was sent to the Director from "American Opinion," Belmont 78, Massachusetts. The Editor and Director of "American Opinion" is Robert H. Welch, founder of the John Birch Society. Bufiles contain no record identifiable with either the novel or the publishers, Western Islands Publishers. In 1953 Grace Lumpkin voluntarily advised the New York Division that she had been a communist sympathizer at one time, although never a card-carrying member, and stated that she gave up her communist activities in the late 1930s. No investigation has been conducted regarding Lumpkin.

RECOMMENDATION:

In view of the fact that the book was forwarded from Robert H. Welch's organization, that it not be acknowledged. The book will be routed to the Central Research Section of the Domestic Intelligence Division for review.

Re Morrell to DeLoach memorandum 3/7/63, concerning captioned book which was sent to the Director from "American Opinion," Belmont 78, Massachusetts. The Editor and Director of "American Opinion" is Robert Welch, founder of the John Birch Society.

Captioned book was reviewed, and, although its subject matter concerns a fictional story about communist activities, the book contains only one passing reference to the FBI, indicating that the FBI has investigative jurisdiction in subversive matters (p. 26). The book is not critical of the FBI.

Grace Lumpkin - NY
 According to the author the characters and incidents in the book are composites created from life and experience; however, "the truth is here for those willing to open their hearts and minds to receive it."

From a technical point of view, the book is well written and is one which will be praised by those who support the author's views or condemned by those holding contrary opinions. Basically, the author's theme is that although America's heritage is one with a theistic orientation, there is a present day trend in our society away from this heritage toward an equalitarian, humanistic view which idolizes man and his social welfare. By use of dialogue, the author uses quotations and ideas from Marx and Lenin to demonstrate that many of the trends of our society are possibly linked to communist ideology. The book points out that while the founding fathers were deeply religious and believed in public acknowledgement of a Creator, the present day trend is to abolish all forms of religion in the public life of the country. The author allows some of the novel's characters to be critical of the United Nations and Supreme Court decisions concerning religious education and prayer.

Re: "FULL CIRCLE," NOVEL BY GRACE LUMPKIN, BOOK REVIEW

According to Bureau files, Grace Lumpkin has publicly acknowledged that she was an active supporter of the Communist Party in the 1930's and subject to communist discipline although not an actual member of the party. She has not been investigated by the FBI although she has been interviewed concerning her knowledge of communist activities. Miss Lumpkin claims she broke with the communists during the period 1939-41.

According to the United States constitution only Congress has the right to declare war. At least that used to be true but not any more. In 1945 the Senate of the United States ratified the United Nations Charter as a treaty obligation. This act deprived all citizens of this nation of all their constitutional rights and privileges. The United States Supreme Court has declared that Treaty Law supersedes Constitutional Law. Thus, American boys were sent to fight in Korea, not under the American flag, but under the United Nations Banner.

After the armistice the red Chinese admitted they still held 988 American soldiers prisoner. Many have died in communist slave camps but 463 of our service men are still there today. What is our government doing to get them released? Nothing! Why not? Because legally these men are no longer American soldiers-- they are United Nations soldiers. As such they have been deprived of the most fundamental right of free men-- the protection of their own constitution.

SPEECH MATTERS
(ATTENTION: CRIME RECORDS)

Woodrow P. Bell

SA MAURICE E. MURPHY reported that on 3/28/63 he was telephonically contacted by Mr. WOODROW (WOODY) BELL, who operates a TV Service Shop at 1622 Harding Road, Des Moines, Iowa. BELL said that he and ROBERT DILLEY, leader of the John Birch Society in Des Moines, had conferred and had decided to request, by letter, that the Director make a speech before their group at Des Moines, on or about 7/4/63. BELL said he had heard the Director make a speech before an insurance group and it was the greatest he had ever heard.

BELL and DILLEY sponsored a meeting addressed by General EDWIN WALKER and Reverend BILLY HARGIS at the Hoyt-Sherman Auditorium in Des Moines on 3/22/63.

BELL has telephoned SA MURPHY consistently during the past two months, usually to report something he had received and read from the John Birch or other right-wing group, warning of general Communist activities.

Files of the Omaha office reflect the following information concerning BELL and DILLEY:

BELL, by letter dated 6/13/62, advised the Omaha office that he was ordering two subscriptions to "The Worker" to be sent to WOODROW P. BELL, 1622 Harding Road, Des Moines, Iowa, and to Iowa for Effective Citizens, 533 6th Ave., Des Moines, Iowa.

DILLEY has been prominent in local press since the autumn of 1961 as a spokesman for the John Birch Society and he has claimed to have been instrumental in the formation of two chapters of the Birch Society in Des Moines, being chapter leader of one. He had engaged in debates on subjects of the John Birch Society and Communism and the most

For your information, "The Politician" by Robert Welch was reviewed at the Bureau in January, 1960. At that time it had not been published but was being distributed to friends by the author who is the founder of the John Birch Society. In view of correspondent's opinion that distribution of this book would be all right, I do not desire to encourage his distribution of Bureau literature. You are instructed to have him contacted and his letter orally acknowledged. He should be advised that I am unable to comment concerning "The Politician" since the FBI does not make evaluations nor draw conclusions concerning the character or integrity of any publication. DATE 6/16/86 BY [REDACTED]

This office received, on 4/26/63, a paper-bound booklet entitled "A STUDY OF SYNANON" by JOHN H. DETAR, M.D., 190 Mill Street, Reno, Nevada, price 50¢ per single copy, 25¢ per copy for three or more. The cover page indicates that this booklet was published in March, 1963.

The booklet traces the history of Synanon with the stated purpose of enabling the reader to understand the purposes, methods, and philosophy behind the Synanon movement. Reference material is limited to publications which have been distributed or published by supporters of Synanon, or Synanon, Inc. Comments about these publications are drawn from official governmental investigating committee reports.

The booklet states that Synanon was established as an organization for the treatment of drug addiction, first in Santa Monica, California, then in Reno, Nevada, and Westport, Connecticut. It adds that it uses a group method, such as has been found therapeutic in treatment of alcoholic addiction, but carried further by encouragement of the member to conform to the abstinence-ideal of his fellows, who are expected to associate with him as much as possible, and to inform the group of any slips by the member subject to censure by the group for failure to so report.

The author points out that the supporters of Synanon and its methods propose to obtain sufficient support from government that in the future, criminals will be forced, in lieu of other punishment by the courts, to join such groups. He adds that they appear to envision the extension, to the entire society, of such group organization to achieve "sociometric re-orientation" of individuals so that a psychiatric empire will emerge gradually and spread over the globe, with "social scientists, psychiatrists, sociatrists and sociometrically oriented socialists" taking the place of politicians.

The author indicates that there is a parallel between (1) the organization and methods of Synanon, and brain-washing techniques of communism. He cites state and Federal investigating committee records to indicate that writers of publications distributed or published by supporters of Synanon are sympathetic to, or connected with the international communist movement.

The author concludes, "That many persons of communist or communist front persuasion have lent their assistance and their names to Synanon is not evidence that Synanon was created by the communist conspiracy. Rather, the evidence indicates that the ...complex can be used and usurped by the communists. It is not the province of this author to perform the functions of a duly constituted governmental investigating agency...."

"If there is evidence of communist affectation of Synanon, this evidence can be obtained by the appropriate investigative body."

For the information of the Bureau, Dr. DETAR was defeated in a municipal primary election held in Reno, Nevada, during May, 1963.

During and after the campaign Dr. DETAR was accused of, and readily admitted, membership in the John Birch Society.

The above information is furnished for the information of the Bureau. No further action is contemplated, UACB.
